Vision

A regional Economy that creates wealth & shared prosperity for its communities

Mission

Catalyze economic growth of Kenya's coast regional counties

Background

The Jumuiya ya Kaunti za Pwani (JKP) is the Coastal Counties' economic regional co-operation body that comprises the Mombasa, Kilifi, Kwale, Tana River, Lamu and Taita Taveta Counties. These six counties cover an area of 79,686 square Kilometers with a population of over 4 million people who share a common history, language, culture and infrastructure.

Jumuiya ya Kaunti za Pwani (JKP) is based on a triple helix model that brings together the six coastal regional counties, three local coastal Universities (Taita Taveta University, Pwani University and Technical University of Mombasa) and the private sector jointly collaborating in regional development goals. JKP was formed firstly by signing a memorandum of understanding between the universities and the six county governments on the 5th of January 2015. The objective of this memorandum was to encourage the collaboration and implementation of developmental, environmental, educational and economic policies for the region. In particular sharing the collective research and resources of the universities and working with the County Governments to build sustainable Governance structures that will work to transform the socio-economic well-being of the people in the counties

Secondly a cooperation agreement was entered into on the 13th of June 2015 by between the Governments of the Counties of Kwale, Kilifi, Tana River, Lamu, Taita Taveta and Mombasa with the objective of the agreement according to article two of the cooperation agreement being, " The Parties being Counties of the coastal region of the aforementioned Republic, subject to the provisions of this Cooperation Agreement and the National and County laws, rules, regulations and policies from time to time in effect in the larger Republic aforementioned and in each County, mutually decide to strengthen, promote and develop co-operation in their developmental and socioeconomic agenda as well as fiscal, financial, and spatial planning in order to achieve expedited and sustainable development."

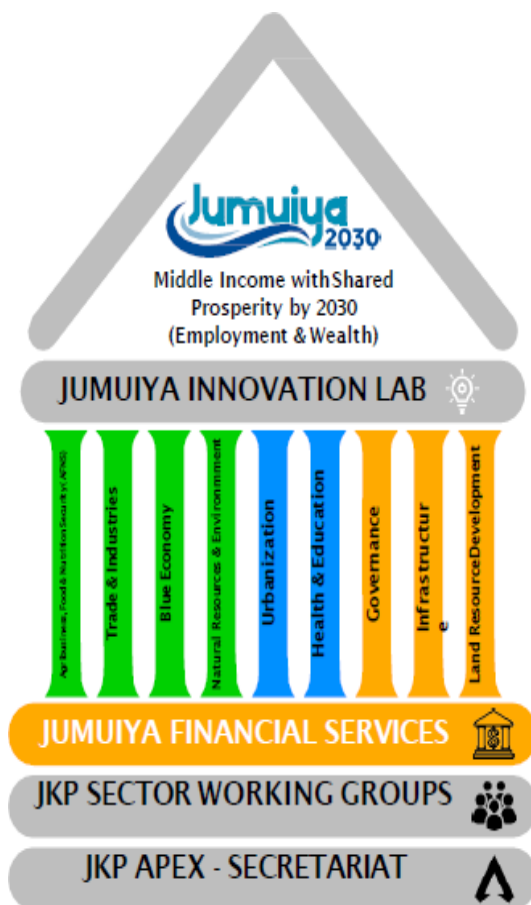

Since its formation in 2015, the JKP has recorded a number of achievements which include:

1. Formulation of the Agribusiness Food & Nutrition Strategy 2017 -2030
2. Jumuiya Health Systems Strategy 2017 -2030
3. Annual Agribusiness & Blue Economy Investment Conferences
4. Economic Development Partnerships and Projects with FAO, AHADI/USAID, EU, Trade Mark East Africa, Generation Kenya & KPMG.
5. GO Blue 24 Mil Euro Development Project with the EU 2020 -2024

Implementation of the Jumuiya's regional economic agenda is managed by the Governor's Apex, the Sector Council, Six Sector Working Groups, and the Secretariat

JKP CURRENT PROJECTS & PARTNERS

The Go Blue Initiative

In partnership with the Government of Kenya, and the six coast regional counties (Jumuiya ya Kaunti za Pwani), the European Union has developed a EUR 25 Million Go Blue Project. This is a coastal urban development project between European Union and Eastern Africa, Southern Africa and the Indian Ocean Priority area 2-E: Regional economic integration – “Development of Coastal Urban Areas – Red Sea Economic Cooperation”. The overall objective is supporting inclusive and sustainable development in coastal cities and ports in the Horn of Africa. The overarching stakeholder for Go Blue is the six coastal counties, national government’s Ministry of Devolution, Ministry of National Planning, Kenya Coast Guard and the Blue Economy Secretariat in the Presidency. Through the Go Blue project the EU Delegation to Kenya in partnership with JKP Secretariat intends to catalyze and advance the development of the Jumuiya 2030 regional economic blueprint and support implementation of Kenya’s Blue Economy agenda outlined in the Kenya Vision 2030 Medium Term Plan III (2018 – 2022). The Go Blue project is a result of a consultative process between EU Member States in- Jumuiya ya Kaunti za Pwani Secretariat

Overall Objective

Under the umbrella of the Blue Economy, the project is designed to be implemented in the period 2019 – 2022 with three outcome areas:

1. Sustained, inclusive and sustainable economic growth with job creation and employment impacting coastal urban centers, especially for young people and women;
2. Developing and mainstreaming an integrated approach to sea-land planning and management in coastal urban centers and their marine environment, in a participatory and inclusive manner, especially for young people and women, in direct connection to sustained, inclusive and sustainable economic growth and coastal tourism as well as climate change mitigation;
3. Enhancing maritime governance through effective and integrated maritime law enforcement hence contributing to global security and creating a favorable environment for the economic growth of the region and beyond.
